## SENATOR ASKS HARBOR HEARING IN MATTAPOISETT

Selectmen received a copy of a letter written this month by Senator Paul E. Tsongas to Col. Hodgson, Acting Division Engineer of the U.S. Corps of Army Engineers. He asked that a hearing on the proposed Mattapoisett Harbor mooring project filed by William E. Mansfield, Jr. be held in town. He wrote in part, "It is my belief that coastal projects that attract significant public concern should be given sufficient public scrutiny to

assure these natural resources are not further damaged by inappropriate development. Therefore, I urge you to hold a public hearing in Mattapoisett on this project in order to fully judge the environmental impact this project would have and to gather sufficient information to knowledgeably render your judgement on this permit application."

## WHARF FEES REVISED

Selectmen approved the following fees for wharf use after conferring with Wharf Commissioner/Harbormaster Lloyd Haskell at the December 9th Selectmen's meeting. The Selectmen deferred the decision until the full Board could be present. The fees will be presented to the annual Town Meeting for vote.

Wharfage: over 16 feet, \$250. up to 20 feet; \$10. each additional foot;

Skiff space: \$30. per year.

FY '81 rates were as follows:

Wharfage: over 16 feet, \$5. per foot.

Skiff space: \$15. per year.

Winter storage rates at \$3.50 per foot were unchanged.

She said she runs a "tight ship" and foresees no problems. She said that one machine for the use of 125 people is ridiculous and that the operation depends on this revenue.

Chairman R. William Blasdale reported that he had inspected the location, unannounced, on a busy night and had seen older people and "nothing untoward". The Selectmen agreed to issue a license for 4 machines for Wednesday through Saturday between the hours of 8 p.m. to closing

Selectmen denied a request for an extra hour of operation because they have a policy which covers all such establishments and have had noise problems in neighborhoods where residences are close to these establishments.

## BETTERMENT ASSESSMENT

Selectmen officially enacted the Betterment Assessments, acting as Sewer Commissioners. These betterment charges are a one-time charge and all sewer connectors have been notified by letter which requested a return reply to inform the town as to method of payment. The vote was unanimous.

## SCHOOL LAWSUIT FUND

Selectmen received a letter from the Massachusetts Municipal Association requesting the sum of \$215. as the town's contribution for the school lawsuit fund. This lawsuit would force tax reform by a Judicial Mandate to the State. The lawsuit, Webby

School District requesting the Board's advice on budgeting for legal fees for the Mattapoisett School Committee. In the previous fiscal year the School Committee had not budgeted this item and asked in the letter if they should include this item in their budget or would it be included in the town's Town Counsel Budget. The Selectmen strongly believe that the School Committee should budget on their own legal fees.

### WILL NOT ISSUE CLASS III LICENSE

A letter from Building Inspector Jonathan DePina recommended that the Board of Selectmen not issue a Class III License to Mr.

August Mandeville, 91 Fairhaven Road, because of repeated warnings to clean up his property as prescribed by conditions in his license. The Board voted to endorse Mr. DePina's recommendation until such time as the premises are cleaned up to the satisfaction of the Building Inspector.

Selectmen voted to support the Plymouth County Commissioners request that we contact our State Representatives and Senators asking them to support the County's proposed legislation which calls for the State to take over the payment of Medical Examiners. Since the Medical Examiners are appointed by the Governor, their fees are set by statute and their services are related to the Attorney General the Commissioners feels the State should have taken over the payment of Medical Examiners as part of the Court Reform Package.

Plymouth County Selectmen's Association, reported to the Mattapoissett Selectmen that the Plymouth County Selectmen's Association has voted not to support any new taxes. They will seek increased aid to local government from the state and urge state cuts in spending. He said the Selectmen's group wants level funding at last year's level and not up to the 4% cap.

He suggested that one of the member towns is buying cruisers at 15 month rather than 12 month intervals and suggested that Mattapoissett might seek out such methods of saving tax money with no real impact on services. The Selectmen will examine repair bills and mileage for future consideration of the idea.

## Marion Visiting Nurses

The 1980 meeting of the Marion Visiting Nurse Association, Inc. was held recently at the home of Mrs. Joseph Tomlinson. Annual reports were approved, as was the projected budget for the next fiscal year.

Mrs. Edna Archer, R.N., Administrator, noted that a total of 5,424 Agency visits were made this year, a 1,525 visit increase over the number made last year, and an increase of over 100% in the number of visits made as recently as 1977. Included in this year's total are home visits made by the staff nurses, home health aides, physical, occupational, and speech therapists. In addition, 31 clinics have been held: Well Child, Senior Citizen Health Counseling, Blood Pressure, Flu, and Mantoux (TB testing).

A great source of pride for the Agency, it was noted, is that during the survey in July by the Massachusetts Department of Public Health, the M.V.N.A. was re-certified without a single deficiency, being in complete compliance with state regulations. The Agency Administrator said that this was accomplished with superb cooperation and tremendous efforts

by the MVNA staff and because the M.V. N.A. Board was supportive, and willing

"CHRISTMAS AROUND THE WORLD"

Rochester Memorial School first graders are studying about "Christmas Around the World". France, Sweden, Mexico, Holland, the United States, and Norway are among the countries whose customs are honored.

Misty Saunders, Chris Gerrior, Kathleen Newsham and Timmy DeTerra enjoy making gooey dough ornaments for our American Christmas tree.

We baked a French Yule Log! The results were delicious chocolate cake! Ready to dig in are: Angela Pratt, Patrick Conway, Melissa Dumas, and Timmy DeTerra. And, why is a French Yule Log chocolate and not vanilla? Ask any first grader - a chocolate "log" looks like a real brown wood log, of course.

In Sweden, St. Lucia is honored on December 13th for giving away all her wealth. Traditionally, the oldest daughter in a family, wearing a wreath-like crown, presents Mother a hot roll and coffee in the morning to celebrate this day. Here is Jenny Taylor leading our parade.

### Children's Museum

SATURDAY PROGRAM - DECEMBER 27th

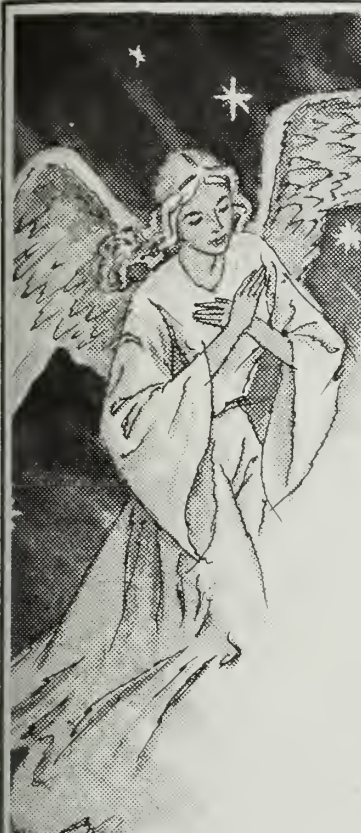

The Children's Museum and the Dartmouth Natural Resources Trust have collaborated in putting together a beautiful new slide show which tells the story of the life of the Pond. The careful narration describes formations of ponds, their life span, their various wild inhabitants and the fascinating story of natural succession. A showing of "THE POND" will be the Saturday Program for December 27th at 2:00 p.m. in the barn of the Museum. A small admission will be charged.

This slide show along with the "SALT-MARSH SLIDE SHOW" can be loaned out to teachers and is an exquisite piece of audio visual education. The show is adapted for ages 6 and up, and teachers and parents are invited to this special preview.

beauty of its own, but also holds interesting secrets for the curious. If there is snow, identifiable tracks can be traced to the edge of the pond, where thirsty animals have searched out a source of water. And incredibly enough, water insects and fish are still active underneath the ice where they are naturally sheltered from colder temperatures above. Cycles and activities in the environment never come to a halt. Take a walk to a winter pond with us Saturday morning and see. Free to all ages, the walk starts at 10:00 a.m.

The program is open to all ages, it starts at 2:00 p.m. and there is a small admission charge.

## SHUTTERBUGS REVENGE

Wednesday, December 31st, is a Do-It-Yourself Program. A variety of slides of natural history subject will be shown, and anyone with interesting natural history slides is welcome to contribute them to the show. A limit of five slides per person should give all shutterbugs a chance for "revenge", or a chance to show off their flair for photography. Slides should be standard projection slides or 2" x 2". There will be a small admission for non-members. This program starts at 2:00 p.m.

## CHRISTMAS CARD DECOUPAGE

Old Christmas cards are often hard to throw away. The Children's Museum offers

the opportunity for children to make use of old cards by turning them into a lasting decoration that can be saved for future Christmases. This program, open to ages four and up, requires the children to bring their own supply of Christmas cards. All other materials will be provided. Registration is also asked and there is a small cost. The program begins at 2:00 p.m. January 2nd.

The winter landscape offers a variety of beautiful forms for the appreciative and artistic eye. Sketching in winter can result in graceful drawings of leafless trees or winter weeds. Landscape compositions are easier to assemble with the eye because of stark lights and darks. On Saturday, January 3rd, a Winter Drawing Program will be offered at 2:00 p.m. This is open to all ages, six and up. There is a small admission charge for non-members.

LIBRARY IN MARION FRAMED FOR LIBRARY

The original letter by which Elizabeth  
Taber donated Marion library, now named  
in her honor, has been framed in a very in-

novative way to reveal both sides which  
were encased in plexiglass and then en-  
closed on both sides by the outer glass  
which leaves a clear section between the  
frame and mat and the letter. This unusual  
technique was accomplished by The Framery

## HEALTHY BACK PROGRAM

Millions of people suffer the pain of a "bad back". Eighty percent of back pain sufferers can be helped through the "Y"s Way to a Healthy Back program because their condition can be traced to a lack of general physical fitness. The exercises in the program were developed by a back specialist, Dr. Hans Kraus, M.D. The exercises are mild and gentle. Relief comes from stretching relaxation and mild strengthening of the affected area. Classes are held on Monday and Wednesday evenings from 7:00 - 7:45 for 6 weeks starting January 5th.

## WOMEN'S PHYSICAL FITNESS

Women's Physical Fitness is professionally supervised and specifically for women. It starts January 5th on Monday, Wednesday and Friday mornings from 9:30 - 10:30 and Tuesday and Thursday evenings

varsity letter in football from Northeastern University in Boston.

Lanagan, a former Tabor Academy star, made his mark on the NU football scene as one of the hardest and most intense workers on the team. He began his second year performing on the scout teams, but by the last two games of the season had worked his way into the starting line-up. In the Huskies last two games of the year, against nationally ranked Lehigh and powerful Boston University, Lanagan can be credited with some excellent defensive plays.

"Jim proved that he was a fine football player this past season", said Head Coach Robert "Bo" Lyons. "He worked exceptionally hard all year and never

gave up. He is a coach's player in every sense of the word."

Improperly secured extension cords invite spills and falls and heavy foot traffic may damage the insulation or the cord itself. Don't place electrical cords under a carpet or rug because they may become frayed without anyone noticing the deterioration.

Inspect cords and electrical appliances before you use them. Do not coil or bunch an extension cord while it is in use. This will avoid conditions which may cause overheating. Use only lights that have been safety tested by Underwriters' Laboratories and bear the "UL" label of ap-

Check each set of lights, new or old, for broken or cracked sockets, frayed or bare wires, and loose connections. Discard damaged sets or repair them before using. Use no more than three sets of lights per single extension cord. When you go to bed or leave the house turn off all lights on trees and other decorations.

When trimming your tree, use only non-combustible or flame-retardant materials. Wear gloves to prevent skin irritation while decorating with spun glass "angel hair". If artificial snow sprays are inhaled, they can irritate your lungs. To avoid injury, read container labels and follow directions carefully.

Choose tinsel or artificial icicles of plastic or non-leaded materials. Children and pets may become ill from ingesting leaded materials. Avoid artificial trimmings that resemble candy or food if small children are present who may try to eat them.

made for the year-long celebration. The plates were on sale throughout the season at the Cranberry World Visitors Center in Plymouth and were completely sold out by November 7, 1980.

Ocean Spray initially commissioned Pairpoint Glass to produce the commemorative edition in the fall of 1979. The mold was created by Alvin White of Sandwich. The plates feature the words, "Ocean Spray 50th Anniversary, 1930-1980", along with the official Cranberry World log.

During the mold breaking, Anita Franks, manager and curator of Cranberry World, said, "As our 50th anniversary year draws to a close, it is appropriate that we are breaking the mold from which our commemorative cup plate was made. We look forward to our 75th anniversary and another

successful 25 years of the Ocean Spray cooperative."

Ms. Franks added that although the anniversary cup plates are no longer available, the museum will continue to offer Cranberry World cup plates in clear, light blue, and amber. "And we can look forward to other colors and shapes in the future," she said.

## 'TIS THE SEASON

The custom of hanging up a stocking by the chimney on Christmas Eve probably evolved from a legend surrounding the generosity of St. Nicholas. In the saint's hometown, there lived a man who had lost all his money through a string of unlucky events. This man had three daughters but, since he could not provide a dowry for any of them, it seemed doubtful that

they would ever marry. St. Nicholas learned of their predicament and resolved to help them. Since he wanted no recognition or credit for his deed, he quietly came to their house at night and tossed three bags of gold, one for each girl, down the chimney. Each time, the legend tells us, the bag of gold landed in a stocking that was hanging by the fire to dry.

Today, the tradition of hanging Christmas stockings is still widely celebrated by young and old alike. Children usually receive small toys and candy.

### ALE POSSETS

Hot rum toddies and eggnog are traditional Yuletide "warmers" in America. In Yorkshire, England, people "sup" ale possets for luck...they're a mixture of warm milk, ale, beer, and wine, often quite heavily spiced.

annual event, Edward J. King, Governor of the Commonwealth, proclaimed January (1981) as EYE HEALTH MONTH throughout Massachusetts.

The proclamation states the purpose as increasing the understanding and knowledge of the general citizenry about the eyes, eye problems, eye health, eye injuries (whether received in sports or automobile accidents) as well as diseases caused by diabetes, hypertension, trauma or other maladies. Acknowledging that better understanding and proper precautions might eliminate many eye accidents and problems, the proclamation concludes by urging all citizens of the Commonwealth "... to take cognizance of this event and to avail themselves of the information now available to them to better understand the importance of eye care and eye health - the protection of one of our most precious gifts, our vision."

Eye Health Month is a jointly sponsored event by numerous organizations and state agencies. Initiated and developed by the Massachusetts Society of Eye Physicians and Surgeons, the list of sponsors includes the following organizations: Massachusetts Association of Retail Dispensing Opticians, Massachusetts

SUPERIOR COURT  
CIVIL ACTION  
NO. CA80-12424

To CARLTON A. THATCHER and LAURA F. THATCHER, husband  
and wife, both of Mattapoisett, in the County of Plymouth and  
ALBERT J. SMITH, of New Bedford, in the County of Bristol, and  
to all persons entitled to the benefit of the Soldiers' and Sailors'  
Civil Relief Act of 1940, as amended.

FAIRHAVEN SAVINGS BANK, a banking corporation duly orga-  
nized under the laws of the Commonwealth of Massachusetts  
having a usual place of business in Fairhaven, in said County  
of Bristol, claiming to be the holder of a mortgage covering  
real property situated in Mattapoisett in said County of Plymouth  
on Island View Avenue, given by Carlton A. Thatcher and Laura  
F. Thatcher, husband and wife, to Fairhaven Savings Bank  
dated March 7, 1973 and recorded with Plymouth County Deeds,  
Book 3869 Page 97, has filed with said court a complaint for  
authority to foreclose said mortgage in the following manner,  
to wit: by entry and possession and by the exercise of a power  
of sale contained in said mortgage.

If you are entitled to the benefits of the Soldiers' and Sailors'  
Civil Relief Act of 1940 and amendments thereto and you object  
to the foreclosure of said mortgage, you or your attorney should  
file a written appearance and answer in said court at Plymouth  
on or before January 26, 1981, or you may be forever barred from  
claiming that such foreclosure made under such authority is in-  
valid under said act.
